Metric Photography, Bertillon System: Louis Tomellini

Alphonse Bertillon (French: [bÉ•tjÉ•f]; 24 April 1853 – 13 February 1914) was a French police officer and biometrics researcher who applied the anthropological technique of anthropometry to law enforcement creating an identification system based on physical measurements.

Alphonse Bertillon - Wikipedia

The Grisly, Fascinating History of Crime Photography A demonstration of Alphonse Bertillon's metric photography method in 1925. The camera was fitted with a wide angle lens and positioned above ...

The Grisly, Fascinating History of Crime Photography | WIRED

Bertillon did not introduce photography into criminology; indeed, as Martine Kaluszynski explains, photography had been a part of police work for a decade before Bertillon's system was perfected: Photography was in use in some sections of the police prefecture in Paris as early as 1872.
