

multimodality and genre a pdf

In its most basic sense, multimodality is a theory of communication and social semiotics. Multimodality describes communication practices in terms of the textual, aural, linguistic, spatial, and visual resources - or modes - used to compose messages. Where media are concerned, multimodality is the use of several modes (media) to create a single ...

For those teaching Philosophy, a good suggestion is the graphic novel Logicomix by A. Doxiadis and C. H. Papadimitriou. It can be described as a historical novel which introduces the reader to some of the great ideas that modern Philosophy and Mathematics deal with and it is based on the early life of the philosopher Bertrand Russell.
